This is a module RSS 2.0/Atom title feed reader. The great advantage of this product is that it can integrate seamlessly into your site design. You can modify any color, any size supports, add border tickness, with or without a logo and many other design features. It's super easy to use because you don't need to modify your feed, just add the path in our product and your feed will be read.

Features:

- You can resize the module to any size;
- You can change any color (background, title, items, date);
- You can set border tickness;
- You can set outer and inner radius;
- You can add a logo and set the header height;
- You can make all text to appear with uppercase;
- Support special characters (âùæçéèêëîïôœûüÜÛÙŒÔÎÎËÊÈÉÇÆÄÂÀ);
- Very easy to use.

Troubleshooting: For any assistance, please do not hesitate to contact our support team.
